

Fire of God (Key of C)

C Csus C Csus
Father cleanse these filthy hands
C Csus C Csus
I long for brokenness for all my sin and shame
C Csus C Csus
The tears You've wept outnumber the sands
C Csus C Csus
With every sin I know I break Your heart again

Chorus

Am F C G Am
Help me to understand Your pain
F C G
When I conform to this world, and blaspheme Your holy name
Am F C G Am
Help me to understand Your Word
F C G
If I'm a friend of this world it's hatred towards my God
C G Am F C
Fire of God, burn in me, consume all my wickedness
G Am F
So I will not love this world
C G Am F
So I will not be a friend of this world any longer
C G Am F
So I will not be a friend of this world any longer

Father break my prideful heart
I come before You humbly, so I can stand
And wash my dirty feet
I've wandered from Your path and walked on unholy land
