

King of heaven, Lord of earth
You came through, a virgin's birth
With an everlasting love
You were sent, down from above

The living Word, become flesh
You have made, Your home with us
Full of grace, and full of truth
God's glory, and living proof

By the Father, once forsaken
For by You, sins were taken
Through Your death, the veil You tore
Now our Priest, forevermore

You suffered, being tempted
So You can help, the tested
Always laying down Your will
Interceding, for us still

By Your blood, You brought us near
Through Your death, removed all fear
For You Yourself, are our peace
From sin's hold, You gave release
