

Take courage, He is calling for you
He healed the blind, He'll give you sight too

Take courage, your faith has saved you
He made well the sick, just one touch will do

Take courage, your sins are forgiven
He rose up the lame, to Him authority was given

Take courage, it is Him; do not fear
You can walk on waves, when His voice you hear

Take courage, the world He's overcome
You can have peace, through tribulation

Take courage, do not be afraid
The winds and the sea, His voice they obey

Take courage, you've suffered for His cause
Continue to witness, to all that He draws
