

Because You Live

**When I call You answer me
When I trust, You fight for me
When I rest I see salvation come
Even when in life there's pain
Brokenness and suffering
All Your works, toward me are love**

Chorus:

**And I will give thanks to You Lord
For You save me to the uttermost
You live to intercede
An advocate for me
And I live because You live**

**Merciful and faithful Priest
You have made a way for me
To come to You, it's only through your blood
When I'm tempted You give grace
You make a way of escape
Helping me to rise above the flood**
