

## Fire of God

**C Csus C Csus**  
Father cleanse these filthy hands  
**C Csus C Csus**  
I long for brokenness for all my sin and shame  
**C Csus C Csus**  
The tears You've wept outnumber the sands  
**C Csus C Csus**  
With every sin I know I break Your heart again

## Chorus

**Am F C C/B Am**  
Help me to understand Your pain  
**F C G**  
When I conform to this world, and blaspheme Your holy name  
**Am F C C/B Am**  
Help me to understand Your Word  
**F C G**  
If I'm a friend of this world it's hatred towards my God  
**C G Am F C**  
Fire of God, burn in me, consume all my wickedness  
**G Am F**  
So I will not love this world  
**C G Am F**  
So I will not be a friend of this world any longer  
**C G Am F**  
So I will not be a friend of this world any longer

Father break my prideful heart  
I come before You humbly, so I can stand  
And wash my dirty feet  
I've wandered from Your path and walked on unholy land
