

There's Victory

**No temptation will come
That can overpower me
God is faithful to the end
He will guard and save me
He will make a way of escape
So I can stand
So I can give Him the glory**

Chorus:

**There's victory
In the name of Jesus I am free
The power that raised Him dwells in me
I'm hungry, I'm thirsty
And only You can satisfy
This longing, this yearning
For purity within my life**

**If He knows how to save
From the flood and from the flames
Then He knows how to save
The godly from temptations
And preserve His saints for that day
When He will come
And we will all stand before Him**
