

We'll Enter

**One day we will all stand before Him
And give account of all that we've done
On that day He will say to the faithful
"Enter into the joy of your Lord"**

Chorus:

**For the Lord delights in the death of His servants
We will see Him rise, with healing in His wings
With arms open wide, and all heaven rejoicing
Surrounded by His love we'll enter in**

**One day He will come down from heaven
Those in Christ, will meet Him in the sky
If we repent, we will be in that number
And we'll be forever with the Lord**

Bridge:

**All fear of death has been conquered
When we walk in the fear of the Lord
And in confidence, we'll stand before the Lamb
And abide in His presence ever more**
