

You Are For Me

**You fight for me before my eyes
Carrying me, as a Father his child
A cloud by day, a fire by night
You go before me**

**You will complete what You began
Rescuing me to walk in Your plan
In Your love, You washed away
All my sin and shame**

Chorus:

**You are for me, not against me
Lord I trust You, I won't be afraid
You are for me, not against me
Who can harm me? And I give You praise**

**When my faith is tried with fire
I know You will work all things for good
Your discipline may bring me pain
Yet it's Your loving hand**

**When I am weak, and crushed inside
You see my tears, and You hear my cries
I believe that You will save
And make me more like You**
