

## **Treasure**

**We must seek you Father  
For You are our reward  
You are the sole treasure  
You are the living Lord**

**Do not store earthly treasure  
Where thieves break in and steal  
But lay them up in heaven  
Where the tree of life's revealed**

## **Chorus**

**Where our treasure lay  
There our heart will be found  
Where our heart is found  
Reveals if we will enter the gate to life**

**The path to You is narrow  
But broad the path to sin  
Many will think they've found You  
But few will enter in**

**We cannot serve two master  
For one hate will our eyes  
To one we will be faithful  
The other we will despise**
