

You Are Light to Me

Emmanuel

Those in darkness have seen a great light

A Saviour's come

On the ones in the shadow of death a light has dawned

Chorus:

Jesus has come to bind broken hearts

Proclaiming liberty

The light of the world, has appeared to man

And this light found me

You are light to me

And Your grace has set me free

Here I stand, by the blood of the Lamb

You are light to me

I give You praise

Called from darkness conveyed to the light

O Prince of Peace

You have shattered the yoke that has burdened me
