

You are for me, not against me

Lord I trust You, I will not be afraid

You are for me, not against me

No one can harm me, I give Thee praise, for You are for me

You carry me, like a dad his son

You fight for me, right before my eyes

A fire by night, a cloud by day

You go before me, My precious Savior, I'll follow You

You'll complete the work, You've started in me

You rescued me, to walk before You, Lord

It's Your kindness, that granted repentance

For Your glory, You washed away, my guilt & shame

When I'm facing, temptations and trials

When the enemy, comes in like a flood

Your Spirit, will lift up a standard

You defend me, You're my refuge, the Rock of ages

When I'm contrite, broken in spirit

You see my tears, and hear my cries to You

I believe, You will deliver me

It's Your pleasure, to give the kingdom, My Loving Father

You carry me, when I can't go on

You speak to me, when I call Your name

Jesus, name above all names

King of kings, Lord of lords, You're my all in all
